EUROPEAN MARINE RESEARCH FUNDED PROJECTS

Search Tips:
 • If your selection does not consider the "country" parameter, results will display the Coordinator Country (indicated as Coord.) by default.
 • Results may be organized by alphabetical order (ascending or descending) by EC Programme, or Acronym, or Title, or Country, or Regional Area, or Project Duration.
 • Regional Area is according to the InterregIII and SMAP scheme.

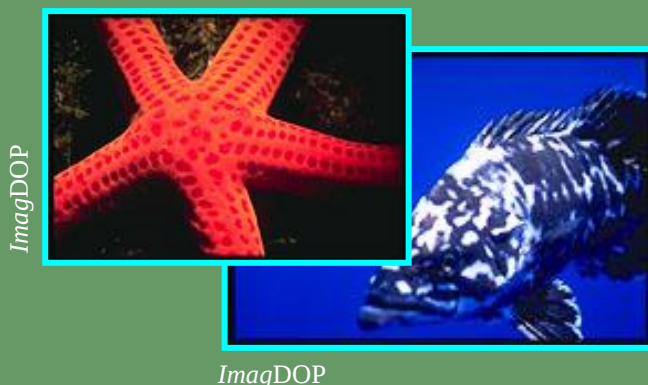

Search for Marine Science and Technology Projects Funded at European level.
 A full list of the Marine Science and Technology Projects funded by the different mechanisms in Europe, related to the European Commission or other organizations. For a selective search of projects, please use the search engine tools. Acrescentar frase sobre funding body (este parágrafo fica ainda por definir). Please contact EurOcean eurocean@fct.mctes.pt for suggestions and database updates.
