EUROPEAN MARINE RESEARCH FUNDED PROJECTS

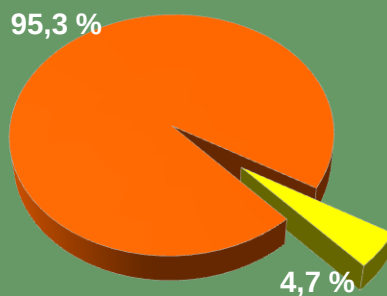

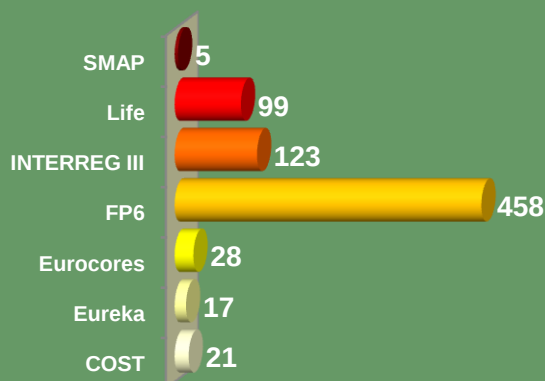

EurOcean-MaP gathers information on projects funded by COST, EUREKA, EUROCORES (ESF), 6th Framework Programme, INTERREG III, LIFE and SMAP.

The info-base covers research projects partly or entirely related to marine science and technology.

Summing up a total of 751 projects available for consultation, free of charge.

Projects per Funding Programme

A dedicated Statistical Overview of the FP6 Marine Science and Technology Projects is available for download

■ Funding for Marine Sciences and Technologies under FP6
■ Budget for other FP6 projects
