| CTD Oxygen Sensor  | Yes                           |
| CTD Fluorometer  | Yes                           |
| CTD Bouette  | SBE 3P, 34 position retrieval |

## EUROPEAN RESEARCH VESSELS INFOBASE

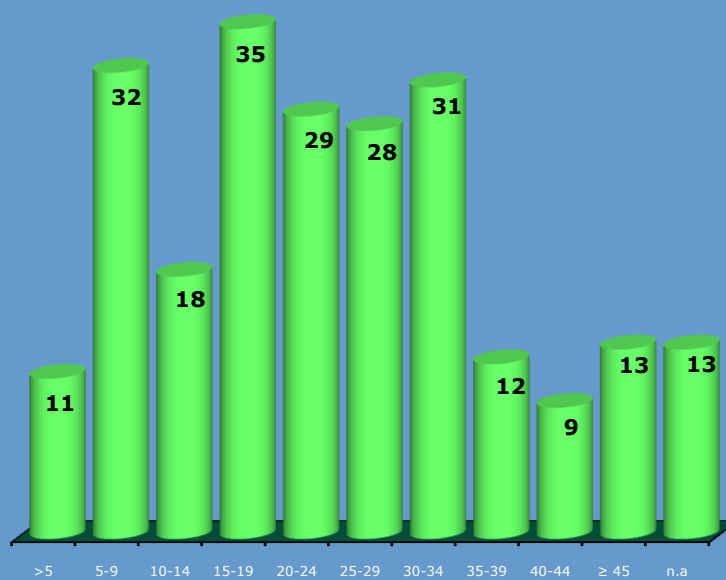

EurOcean\_RV is a info-base developed and maintained by EurOcean for the European research vessels.

Operating European Research Vessels by Class

87 descriptors provide information on vessels technical specifications, onboard equipment and contact details.

Operating European Research Vessels by Age

A user-friendly search tool allows search by : vessels name; country; class; Length; Main Activity and charter availability.

A user-friendly search tool, printable PDF files and online updated statistics are also available.

Last update: 09 of October 2008
