EurOcean\_LEXI

## EUROPEAN LARGE EXCHANGEABLE EQUIPMENTS

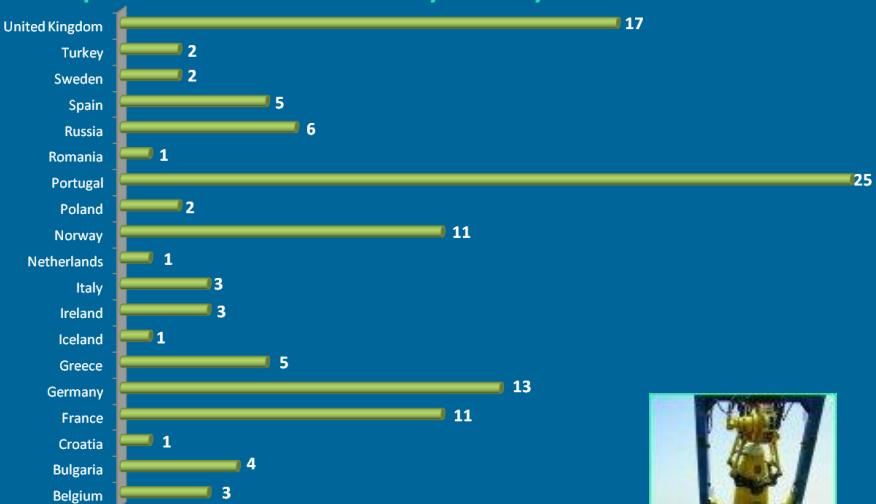

EurOcean\_UV is an InfoBase on the European Large Exchangeable Equipments used in Europe for Scientific Research.

### European Large Exchangeable Equipments by Type

A user-friendly interface allows the end-user to select the UVs according to: the name of vehicle, the country, the type of vehicle and the depth range.

### European Underwater Vehicles by Country

Printable PDF files are also available.

Last Update: 09 of January 2012
